## Vision

To provide a high quality lifesaving service that protects, educates and develops our members and the wider community.

## Mission

To operate in a safe, inclusive and social environment that encourages education, training, involvement and beach safety awareness for Club

## Management Committee

<u>Management Committee</u>	<u>Person</u>
President	Martin Norwood
Vice President	Tamara Cybula
Secretary	Tim Maisey
Treasurer	Oona Mansour
Club Captain	Matt Gleeson
Youth Officer	Debra Edmondson
Education Officer	Rae Powys
Junior Officer	Brad Woodruff
Coaching & Competition Officer	Sam Williams

## Officers

First Aid Officer	David Rae
Water Safety Officer	Liz Svendsen and Donna Williamson
IRB Officer	Andrew Wilne and Courtney Powys
Publicity Officer	George Mumford / Susan Hawson
Club Vice Captain	Mark Williamson
Grounds and Maintenance	Colin Ross
Social Officer	Melissa Edmunds
Radio Officer	Matt Cybula
Merchandise Officer	Delwyn Napier
Kiosk Officer	Helen Norwood
Safety Officer	Keith Da Silva
Member Protection Officer	George Mumford
Surf Boat Coordinator	Tim Sinclair

## Honorary Positions

Patron	Jane Kelsbie
Vice Patron	Dr Ceinwen Gearon
Medical Advisor	Dr Brett Lamb

## Club Life Members

1981 Jack Marshall \*

1981 Brady Walters \*

1981 Dick Mumford \*

1981 Ray Grayson

1982 Betty Walters \*

1982 Iris Keley \*

1987 Sid Marshall

1991 Brian Boardley

1991 George Mumford

1997 Jock O'Donnell

1999 Wim Amesz

1999 Murray Thornton

2002 Roger Donnelly

2002 Barbara Marshall

2012 Martin Norwood

2018 Sue Dybing

\* Deceased

## Surf Life Saving WA Life Members

1998 Sid Marshall

2000 Wim Amesz

2012 George Mumford

2016 Murray Thornton

## 2021/2022 Trophies and Awards

### Surf Sports

Ben Napier Beach Challenge	Olivia McEwan
Matt Pearse RSR	Sam Williams
Dean Morrison 1km Handicap	Rick England
Bill Greenwood Iron Man	Charlie Thornton
Female Iron Man	Laura McEwan
Male Club Champ	Anthony McEwan
Female Club Champ	Olivia McEwan
Youth Club Champ	Henry Edmondson
Cadet Club Champ	Roy McEwan

### Lifesaving Awards

Cadet Lifesaver	Maddie Gamblin
Young Lifesaver	Riley Coote
Senior Lifesaver	Matt Cybula

### Club Achievement

Cadet Club Achiever	Luiza Fagundes
Young Achiever	Matilda McGregor.
Club Person of The Year	Anthony McEwan

### Presidents Award

Stu and Nic Duncan

### SLSWA Awards

Nipper Club Achiever (U/13)	Willoughby Sharp
Youth Club Achiever.	Riley Coote

## President Report—Martin Norwood

It has been a year that has seen disappointments, sadness, and a beach that for most of the season was almost non-existent, making it hard to run the nipper program. Add to that cold brown water and swimming was definitely not at the forefront of activities! In addition, an easterly wind that seemed to be endless day after day.

Back in July / August 2021 much to the disappointment of members we didn't get the funding from the Federal government to put towards the new building. So what do we do about it? The Building Sub-Committee in conjunction with the Shire of Denmark and the architects are working on a new plan that will fit into the budget that we have. Stay posted for updates. But despite the not so easy conditions, nature threw a spanner in the works, with floods, erosion and yet another record, in that the channel has failed to close. But the members have shrugged all that off and got on with the job.

A huge thanks to the committee. You all in your different rolls do a fantastic and essential job of running your departments and leading the club into the future. I wish the incoming President all the best.

Thank you.

**Martin Norwood**

President

## Vice-President—Tamara Cybula

### Merchandise

We had a great year in the Merch office, Del does a fantastic job selling at every event and Sunday mornings. Our new long sleeved collared white clubbie shirts look great and will now be a staple part of our team uniform for travel and competitions. Replacing the bright yellow and green shirts as the consensus from most was they preferred a cotton shirt as opposed to the quick dry material that does not breathe.

We have new hooded towels in grey to sell to the public and bucket hats

And we are keeping the green hooded towels just for clubbies.

Next on the agenda new bathers!!

Hi Tam,

All in all I felt my season went well. I was eventually allowed to do the hooded towels (all be it late in the season) which have turned into a huge hit both green & grey selling really well! After putting the trucker caps in the kiosk we only have a handful left, next season I'd like to see the bucket hats selling in there also all season!! Hoodies sold really well again with only 4 left now!! I had a lot of people asking for kids sizes & would love to add them back into the mix! My ultimate goal next year is to do the light hooded long sleeve t/shirts in grey marle (same shirt as the SOCM this year & last!!) with the same logo & print as the grey marle hoodies for the public summer sales, beanie's & stubby holders ALL of which are designed & quoted (probably will need another one) ready to go & asked about by many tourists & clubbies.

Thanks for letting me volunteer in this position as DSLSC MERCHANDISER as I love selling my ware's & coming up with new ideas & being a part of our club & community. I'd very much like to continue into next season.

Cheers Del Napier

## Vice-President—Tamara Cybula—continued

### Kiosk

Always a big debate

We tried this year to employ a junior kiosk assistant, my theory was to get someone trained up in the general running of the kiosk with orders, the till, the cooking and cleaning

Lots of reasons for my decision

To take the pressure of Helen who does a fantastic job but was having knee surgery this year and also hopefully going off in their caravan. I was trying to cover my succession planning and also freeing Martin our president up from having to help Helen in there as we are always struggling to find volunteers.

Volunteers are always hard to find, I am not sure why, I think it's because we have so many more nippers now that most are on water safety duties and or standing with their little ones as they are under 8's.

The junior kiosk position did not work as Helen was concerned that employing someone would take the profit out of running the kiosk. Yes this would obviously be correct however now (as Helen and Martin are leaving next year) I have no one trained up to do the job.

We will have to seriously have to have a think about the viability of this kiosk, I spent WAY too much of my time manning this myself this year

I believe the kiosk is primarily there to provide a service to our beach goers, it is not there to make a profit for the club – excellent if it does but it's too much trouble for the money that it may or may not make, it is not one of our core life saving roles.

It is actually hard to know what it has made in the last two years as Helen and Martin, bless them, did a lot of the hours "off the books" so I have no idea if we had to pay someone properly what the actual running costs are.

The kiosk itself did have a little bit of a make over before last season and is holding up well, we got rid of the oven that never got used and put more bench top over that space.

I believe next year it should be run solely by volunteers and only open on the weekends. If we can not get vollies to run the kiosk it simply does not open, we provide food

that can be kept week to week like frozen pies, sausage rolls, toasted sandwiches, ice creams and drinks.

I will run this by the committee at our next meeting.

## Vice-President—Tamara Cybula—continued

### Publicity

We had no one to fill this role this year, so George Mumford stepped up and handled the newsletters, he did a wonderful job. Rae Powys was having a crack at the Instagram and Facebook pages as well as George and we had the wonderful Suzie Howson taking pictures every Sunday and most big events and updating our Instagram page every Sunday so the nippers could see themselves! It worked this year but again not ideal as George and Rae both have enough on their plates. We hope Suzie takes the photo taking on again next year, she did a great job.

We also need to breathe some life into the website – update the photos and make it a bit more user friendly for the online registration/ membership service.

We need to remember why we are at the beach, why we chose to be involved in surf lifesaving, why we want our kids to learn the life skills that they are learning and the reasons why these skills are so important.

It is something that is easy to lose sight of when you get stuck in the day to day running of the club, but one that we need to remind ourselves of.

It doesn't matter that the Instagram page is not updated, it does not matter that the kiosk is shut, it does not matter that the merch is running low and we have nothing to sell the punters.

What matters is that everyone on the beach is safe, everyone on patrol has the skills they need to fulfill their role competently, our trainers are up skilled regularly, and we all can enjoy our beautiful but dangerous beach safely.

We are a can-do movement.

Optimistic at every turn.

Eternally vigilant.

Forever serving Australia.

For we believe in life.

In the sanctity of life.

And in our great Australian way of life.

We support it. We protect it. We celebrate it.

We are Surf Life Saving.

(Stolen from the SLSWA website but something we need to remember)

Over and out until next year

**Tamara Cybula**

## Secretary Report—Tim Maisey

It's been another amazing year at the Club, with lots happening on the beach and in the office. With the Inlet staying open all Summer and now in July 2022, it's still open, the beach has sometimes been very small, however with the rock wall now complete to protect the beach and club, then maybe the beach will come back over Spring.

This year as well as being Secretary, I got involved in the Building Sub-Committee which has been very interesting, as we work with the Shire of Denmark to finalise a proposal for either staying in our current location or moving slightly towards the car park in a new building.

My other role has been one of the Age Group Managers which is always a joy with Brad provided everyone with lots of great ideas and encouragement.

I would like to thank the outgoing committee members—Oona who has been awesome as Treasurer, Rae who has been fantastic as Education Officer and of course Martin who has been an inspirational leader with so much experience and Club knowledge.

I've never been much of a swimmer, and many people say that I'm not much of one now(!), but the club is about giving it a go, and so I would encourage anyone to give whatever you would like a go. A good go. Whether it's swimming or paddling or helping out—you will feel better for it.

As inspired by George—see you at the beach!

**Tim Maisey**

Secretary

## Club Captain Report—Matt Gleeson

Ocean Beach is statistically one of SLSWA's most dangerous patrolled parts of the West Australian coastline. Add to this a year of high rainfall and big swells in the off season and we get a glimpse of perhaps increasingly tricky conditions in which to operate a life saving service. Nevertheless, our qualified personnel turned up in ever increasing numbers to provide a watchful eye and more importantly peace of mind to Ocean Beach's countless visitors and local community alike.

With a somewhat Covid restricted State and a swell of tourists to the region this year DSLSC was again required to prepare for what looked like a busy season on the beach. This preparation was somewhat hampered by a distinct lack of beach with severely compromised access and only three weeks out from the beginning of the season the entire patrol room, board storage area and first aid room were still empty due to the threat of rising water levels and the chance the club could lose the operations building. However, the season must go on and Denmark SLSC was able to run a service at Ocean Beach from Dec 2021 until the Easter Long Weekend 2022.

A significant change to the service this year saw the paid lifeguards being under the banner of SLSWA. This move away from being a council run service brings our club and community more in line with other lifeguarding services throughout the state. It provides the employees themselves with a greater surf life saving resource upon which they can further their education and offers youth pathways to access roles within the wider state and National surf life saving fraternities. The Denmark Surf Club wishes to recognize the efforts of the paid lifeguards this season:

### **Season Lifeguards: Laura McEwan, Billy Collen, Mia Sinclair**

Volunteer members must be congratulated on their efforts this season. We were able to make significant increases in our craft presence this year both RWC and IRB. Extra training and off season courses saw 4 new RWC operators awarded their badges and the appointing of IRB captains in Drew Milne and Courtney Powys laid the foundations for a new crop of skilled IRB operators. This puts DSLS club in the position of being able to respond to incidents quickly and efficiently.

Another significant change to our operations this season saw the appointment of dedicated Water Safety Officers in Liz Svendsen and Donna Williamson. Both Liz and Donna proved that registering and assigning uniform for the Sunday activities does not need to be a chaotic scene. They were able to draft and implement some great procedures that saw a real improvement to club operations and backed by the dedicated patrol DSLSC water safety presence was strong.

## Club Captain Report—Matt Gleeson—continued

Captain			Mentor
Green	McGeary's	Anthony McEwan	Joan Merrifield
Yellow	First Reef	Ranee Wilson/Mel Haymont	Mark Williamson
Red	The Rip	Matt Cybula	Lee Brampton
Blue	Flat Rock	Sam Williams	Bernie Wong
White	The Point	Phoebe and Charlie Thornton/Rick England	George Mumford

Rostered hours for the season increased slightly this year with the continuation of a rostered water safety patrol and a maintenance of set patrolled hours as per the Club's agreement with SLSWA. An average of 34.3 hours per member was rostered, and an average of 23.9 hours per member was achieved. This totals a commitment of 3013.3 hours of logged beach time across the season by our patrolling members. What a fantastic effort by our volunteers to ensure the safety and wellbeing of beach goers. Thanks to you all for your selfless contribution.

Other thanks must go to elected officials who operate within the realm of the lifesaving branch of the club. These include:

Vice Captain: Mark Williamson

RWC Captain/supervisor/controller : Tim Sinclair

IRB Captain/supervisor/controller : Drew Milne and Courtney Powys

First Aid Officer: David Rae

Water Safety Officer: Liz Svendsen and Donna Williamson

Well done to you all.

**Matt Gleeson**

Club Captain

## Competition Report—Sam Williams

Whilst being faced with the challenges of a limited beach and the uncertainty of planned events proceeding with possibility of covid restrictions, or not knowing if we'd be competing in races wearing a mask, I'd have to say the 21/22 season was awesome. I'm not just saying this as a throw away comment for the purpose of this report, but can truly hand on heart say I felt our "biggest little surf club" continually boxed above its weight limit when racing in the regions and in Perth.

Also, the introduction of the Sunday Session Surf Sport Awareness activities was a success with many members either honing their skills or giving surf sport racing a shot in a relaxed "*non-competitive*" environment. To all those that participated and made this a worthwhile activity to run, THANK YOU!

Some of the key highlights from the 21/22 season have been as follows:

### Purchase of a New Vessel.

With the purchases of the 20/21 season being put to good use (racing boards and skis) by the veterans of surf lifesaving racing and those relatively new to surf lifesaving, I felt this season was a time to reflect on the gear we have and enable club members to fine tune any new specific requirements.

From this pondering and watching, it became clear the main item missing in our surf club racing arsenal was a double surf ski- this became evident when watching the Masters Carnival racing with male doubles, female double and mixed doubles ski racing. Whilst enjoying a post Masters Carnival beverage with Fremantle Surf Club, it was suggested they may have an old double ski they would be willing to sell us, at a reasonable price. With the support of the Committee, we purchased a brand new second hand double ski (only driven to church on Sunday mornings) from Fremantle Surf Club. I personally acknowledge how generous Fremantle were in selling this ski and then one of their members delivering it literally to our front door (thank you Jon!).

With the arrival of the double ski, we'll be lining up at the start line next season ready to snatch medals from those Perth clubs!

# Competition Report—Sam Williams—continued

## Interclub Racing

Each year the club holds a number of prestigious in-house race events, with sheep stations riding on the outcome of each event for some select members. The results are as follows:

- Matt Pearce Run Swim Run, won by Sam Williams. Honourable mention to AMC for following the course this year!
- Ben Napier Challenge, won by Olivia McEwan. Honourable mention to Roy McEwan for mixing it with the adult men and holding his own.
- Dean Morrison 1km handicapped swim won by Rick “Baker” England. Honourable mention goes to all competitors who swam the additional distance dished out by the course marshal making the distance a test run for SOCM!
- Bill Greenwood Iron won by Charlie Thornton. Honourable mention goes to those who participated in this event on a very challenging say—especially the Nippers Sadie Barker and Elliot Williams.

## Bremer Bay

Yet again, Denmark’s turnout to the annual Bremer Bay beach and surf development weekend was huge, with a healthy number of nippers and representation of cadets and masters.

With it being Denmark’s turn to host the weekend, there was the call out to volunteers to help with course set up, marshalling, running training exercises, water safety and score keeping. A huge thank you to the Denmark members who without hesitation volunteered- you know who you are, you’re awesome people that did our club proud and made this weekend a success.

The carnival resulted in Denmark achieving a commendable second place behind Esperance/Goldfields SLSC. The spirit and determination of the club members who took place in the weekend racing was something to be proud of.

## State Carnival Racing

Denmark Surf Club proudly participated in a number of Surf Life Saving WA carnivals, with members travelling to Perth to compete. Key mentions as follows:

- The nipper and cadet participation in the Country Champs at Trigg Beach with 10 nipper and cadets and 2 senior members of the club competing. The Master’s participation at the Country Champs at Trigg Beach with 2 females and 4 males competing.
- The nipper and cadet’s participation in the State Championships at Scarborough beach.

Thank you again to all those that participated and gave it a go this season. I look forward to working with the incoming coaching and competition officer next year.

## Education Officer Report—Rae Powys

Before the season begins, the education team are at work training pre-season bronze medallion candidates and upskilling our patrolling members, ready for a busy season. The 2021-22 season was no exception.

The pre-season Bronze course is a popular one and now the favoured time for most members to gain their award, in time to be placed on a patrol roster. This season saw 14 members attain their bronze medallion award. Placed on patrol groups at the start of the season, they became important members of our patrolling volunteers at the club serving the community as part of our core mission – saving lives on the beach.

The Surf Rescue Certificate (SRC) is an important stepping-stone toward the Bronze Medallion for our cadet members. 16 new SRC recipients joined patrols this season, gaining practical experience over the season from the senior and experienced members of patrols. The focus with this group is to continue to engage them in club activities and further training as they work toward achieving their Bronze Medallion.

Gaining an Advanced Resuscitation Award (ART) has become a little more difficult this season, with new criteria set out by SLSA. To gain this award, members need to hold a commercial First Aid award. This limited the number of members we could train for this award (4 this season) and focus was placed in upskilling current members with the First Aid award to allow progression through further awards requiring this pre-requisite.

We were able to secure a qualified commercial trainer from Busselton Surf lifesaving Club for a weekend, enabling the training of 34 of our members in their First Aid award. Next season, these members will be eligible to both requalify and train for the ART under the new rulings. It will be the plan moving forward to ensure all patrolling members gain this important award allowing use of the oxygen equipment at the club.

With the growing number of nippers on the beach each Sunday, it would not be possible to run these sessions without the help of parent volunteers. An additional 16 volunteers gained their Nipper Rescue Certificate adding to the skill set and safety on the beach during nipper activities.

The club made a significant purchase of some major bleed training equipment this season. Mannequins and 'real life' bleeding simulation equipment provided the opportunity for more effective training in the use of tourniquet and major bleed controlling techniques. All Bronze Medallion members received informal training in major bleed management, while this training is also now a formal component of the ART.

The presence of watercraft during busy nippers activities and events including the Southern Ocean Classic Mile has proved essential. With a focus toward training more members in the operation and crew of craft, 2 members received their IRB crew award, 6 received their Recreational Skippers Ticket (RST) while 4 members completed the rigorous training and assessments involved to become Rescue Water Craft (RWC) operators.

## Education Officer Report—Rae Powys—continued

Conducting Commercial Surf Rescue Certificate (CSRC) training through DSLSC has proven an important income generator for the club. The award is offered to school teachers, student supervisors and water sport instructors to enable school groups to take part in water based activities, with suitably trained supervisors. A number of school groups throughout the Great Southern undertook their CSRC training at the club this season. A total of 28 refresher and 21 full CSRC courses were awarded. Special thanks to our trainers who once again volunteered their time to take these courses, including a road trip to Bremer Bay by George Mumford and Mark Williamson.

In October, the club in collaboration with SLSWA hosted a surf craft and Advanced Rescue training camp. Members from Perth clubs were invited to attend to gain experience in both surf craft and rescue techniques in some of the more difficult conditions experienced at Ocean Beach.

Over the weekend, club members received in depth training and Skills Maintenance in IRB, RWC (Jetski) and rock rescue techniques.

SLSWA are in the process of building a new course in Advanced surf lifesaving. A component of the course involves gaining skills in rock rescue including rock jumping, manikin retrieval and in water tourniquet application. The group, including 5 members of DSLSC undertook the Rock Rescue training, gaining valuable skills should these be needed in the event of a sea rescue or search around our rocky coastline. The training incorporated skills required by rescuers when crewing or working along-side Rescue Water Craft and IRB.

After a successful weekend of training, it is likely we will see training events like this each season at the club.

### Rae Powys

Education Officer

## Junior Officer Report — Bradley Woodruff

### Overview

The year will be remembered for the markedly changed beach and water conditions that resulted following the opening of the bar. The impact on Nipper Activities was significant. A very successful AGM Course resulted in 6 members becoming fully accredited AGM's. A new event – Great Southern Regional Championships for Nippers was very well attended by club members. A number qualified for the Nipper State Championships - COVID prevented some from attending. An exit survey was sent out to Nipper parents who had left the club, but a poor return meant no meaningful trends or patterns were obvious.

### Age Group Managers Course

Acting on a push from SLSWA to increase the number of accredited AGM's and a desire to develop and support the club's members, a pre-season AGM course was conducted. The course involved an online component, technical sessions and on-the-beach mentoring by the Junior Officer. AGM's and AGMA's were invited to undertake the course, with six AGM's and almost all assistants signing up for the course. All AGM's completed the online component as well as several assistants. AGM's attending several technical sessions focusing on improving surf sports skills and knowledge. AGM's were mentored as they delivered lessons on during Nipper Activities. The six AGM's completed all aspects of the course and are now fully accredited. They are: Karl Dusenberg, Tim Maisey, Sandra Brandao, Cindy Elliot, Vanessa McIntyre, and David Ballantyne. Several AGMA's are planning on finishing the course in the future. At this stage, the Nippers program has more qualified AGM's than at any time in recent memory.

### Impact of treacherous beach and water conditions at Ocean Beach

Exceptionally high rainfall, very high-water levels in Wilson Inlet and a mistimed bar opening resulted in massive amounts of fresh water entering Ratcliffe Bay. This water scoured a 6.5m deep channel across the bar. As the water moved into the corner of Ocean Beach, it created a deep long-shore channel, flowing forcefully, directly along the length of the beach and in front of the clubhouse. A second rip was created, close to the permanent rip that remained in place for most of the season. Depending on the tide and sets, large volumes of water would sweep across the sandbar. Several limestone rocks were exposed, that senior club members had never seen before. Much of the beach was eroded and part of the dunes surrounding the club were permanently lost. A lookout and grass embankments were washed away. The changes conditions had a significant impact on the running of Nipper Activities. Strong currents in Prawn Rock Channel during Preliminary Evaluations made assessing the students very difficult. The following weekend, Nipper Activities was moved to PRC because conditions were not safe at Ocean Beach. Prior to Christmas, several groups needed to be relocated to PRC or sections of the beach to the north where conditions were better. As a result: AGM's need to quickly adjust lesson plans based on location and conditions, equipment could not be placed in its normal positions, Water Safety Personal needed to be allocated to new locations and pack-up and wash-down procedures needed to be adjusted.

## Junior Officer Report — Bradley Woodruff—continued

### New events/programs/appointments/nominations

- AGM mentor – Sandra Brandao was appointed to oversee the U6 and U7 AGM’s and will continue in this role next year.
- Nipper exit survey – was introduced to gather information as to why members leave the Nipper program. Low returns did not elicit any meaningful trends or patterns.
- Post summer paddling program dinner – following the holiday paddling program and just prior to the Regional Championships a dinner was held for Nippers.
- Nomination submitted for Woodside Nipper Club of the Year.

### Little Nipper State Championships

Competitors - Bertie Barker, Chris Sleeman, Kendall Rogers and April Tonkin. Results - Chris Sleeman - finalist in both the swim and board events. Kendall Rogers - first in flags and second in the beach sprint.

### State Championship qualifiers

Makia Suttie, Xavier McEwan, Ashton Terwal, Zander Terwal, Haarlem Terwal, Sadie Barker, Ginger Gleeson and Pablo Sleeman.

### Equipment—Board purchases.

15 Redback Kirra Club Trainer were purchased predominately for the U6 and U7 age groups

## Junior Officer Report — Bradley Woodruff—continued

# Youth Officer Report — Debra Edmondson

## Overview

The 2021/22 season saw our Youth Membership continue to grow with 40 Cadet members aged 13-15 and 15 Active Youth aged 15-18. Some of our Youth members opted to assist with the Nippers program as age group managers, assistant age group managers and water safety. Many Youth choose to participate in weekly training activities each to further develop their skills.

The focus for weekly Sunday training was engagement and retention through fun training activities. The progress of many members in both skill and confidence was evident at the end of the season.

Cadets and Youth members were made aware early in the season of the requirement to complete patrol hours in order to qualify for a Bronze Medallion training spot.

The SRC course was run with 16 completing this qualification. Those in Year 10, 11, & 12 at Denmark SHS with sufficient patrol and training hours again received endorsement from WACE toward secondary graduation.

A Bronze course was not held for cadet/youth members, those eligible will be offered this opportunity over winter.

## Competition

Our Cadets performed well at Bremer Bay and Country State Championships with many receiving medals.

## Achievements

Youth members were represented in all the major awards and initiatives offered by SLSWA including:

Rise Up Camp

TOAD Camp

Youth Achiever awards

Youth Volunteer of the Year Awards

High attendance on Patrols particularly for the new SRC cadets.

## Plans for season 2022/23

Explore offering Cadet/youth training sessions before Nippers on a Sunday. Increase the number of youth members with IRB and Jet Ski crew awards.

Dear Committee,

## AUDITOR'S INDEPENDENCE DECLARATION

Pursuant to Section 60.40 of the  
Australian Charities and Not For Profits Commission Act 2012.

In relation to the audit for the year ended 30 April 2022, I declare that, to the best of my knowledge and belief, there have been no contraventions of the audit independence requirements of:

1. The Australian Charities and Not For Profits Commission Act 2012.or
2. The Accounting Professional and Ethical Standards Board.
3. Any applicable code of professional conduct.

Yours sincerely,

Paul Gilbert FCPA MBA

INDEPENDENT AUDITOR'S REPORT  
To: The Members of Denmark Surf Life Saving Club Inc.

## Report on the Financial Report

We have audited the accompanying financial report of Denmark Surf Life Saving Club Inc., which comprises the Statement of Financial Position as at 30 April 2022, the Statement of Comprehensive Income, Statement of Changes in Equity, Statement of Cash Flows for the year then ended and notes comprising a summary of significant accounting policies, other explanatory information, and the statement by committee members.

In our opinion the financial report of Denmark Surf Life Saving Club Inc. has been prepared in accordance with Division 60 of the Australian Charities and Not-for-Profits Commission Act 2012, including:

- (a) giving a true and fair view of the registered entity's financial position as at 30 April 2022, and of its financial performance for the year then ended; and
- (b) complying with Australian Accounting Standards to the extent described in Note 1, and Division 60 the Australian Charities and Not-for-profits Commission Regulation 2013.

## Basis of Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Report section of our report. We are independent of the registered entity in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## Emphasis of Matter - Basis of Accounting

We draw attention to Note 1 to the financial report, which describes the basis of accounting. The financial report has been prepared for the purpose of fulfilling the registered entity's financial reporting responsibilities under the ACNC Act. As a result, the financial report may not be suitable for another purpose. In particular attention is drawn to the matter that the Club has not capitalised buildings being leasehold improvements, further the asset register does not reconcile to the general ledger, and depreciation expense is not supported by a depreciation schedule. Our opinion is not modified in respect of this matter.

## Emphasis of Matter - Cash Receipts

As is common for organisations of this type, it is not practicable for Denmark Surf Life Saving Club Inc to maintain an effective system of internal control over monies received, until their initial entry in the accounting records. Accordingly, our audit in relation to this income was limited to amounts that have been recorded in the accounting records. Our opinion is not modified in respect of this matter.

## Responsibility of the Management for the Financial Report

Management of the registered entity are responsible for the preparation of the financial report that gives a true and fair view and have determined that the basis of preparation described in Note 1 to the financial report is appropriate to meet the requirements of the ACNC Act and the needs of the members. Management's responsibility also includes such internal control as management determine is necessary to enable the preparation of a financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, management are responsible for assessing the registered entity's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless management either intend to liquidate the registered entity or to cease operations, or have no realistic alternative but to do so.

Management are responsible for overseeing the registered entity's financial reporting process.

## DENMARK SURF LIFE SAVING CLUB INC SPECIAL PURPOSE FINANCIAL REPORT FOR THE YEAR ENDED 30 APRIL 2022

### RESPONSIBLE PERSONS DECLARATION

The responsible persons declare that in their opinion:

- i) This financial report has been prepared as a special purpose financial report on the basis that Denmark Surf Life Saving Club Inc. is a non-reporting entity because there are no users of this financial report, who would otherwise be dependent on general purpose financial reports to satisfy all of their information needs.
- ii) The Special Purpose Financial Report presents fairly the financial position of Denmark Surf Life Saving Club Inc. as at 30 April 2022 and the income and expenditure for the year then ended in accordance with the accounting policies described in the notes to the Special Purpose Financial Report.
- iii) There are reasonable grounds to believe that Denmark Surf Life Saving Club Inc. will be able to pay all of its debts, as and when they become due and payable.
- iv) The financial report and notes satisfy the requirements of the Australian Charities and Not-for-profit Commission Regulation 2013.

Signed in accordance with subsection 60.15(2) of the Australian Charities and Not-for-profit Commission Regulation 2013.
